

GET ORGANIZED WITH US

“The support that the 806 Technologies team offers is spectacular!!!”

Blake Frazier, Assistant Director of Federal Programs

OVERVIEW

Jefferson County Schools, a district with 59 schools and over 37,000 students, needed a tool to help them oversee school Title I evidence boxes from a district level. Visiting every campus twice a year was too time-consuming. Files were unorganized and incomplete. The district needed a way for their schools to streamline the process so that multiple users could be responsible for files and that files would be organized for the district's review.

SOLUTION

The team at 806 Technologies helped Jefferson County Board of Education get set up with Title1Crate. They provided training and support throughout the school year as the district and campuses acclimated to the new platform. Jefferson County Board of Education is happy to report that Title1Crate resolved all of their issues that were of concern and today, the whole team loves this product!

RESULTS

The team at Jefferson County Schools appreciated how 806 Technologies listened to their needs and continued making additions and improvements to the Title1Crate software as needed.

CONTINUOUS IMPROVEMENT

Districts choose to stay with us year after year because we regularly improve Title1Crate to reflect the latest state and federal regulations.

EFFICIENT OPERATIONS

Our software creates a streamlined administrative environment that both campuses and districts love.

SMOOTH TRANSITION GUARANTEED

Regardless of what system you currently use for federal compliance management, we will work with you every step of the way.

EXPERT ADVISORS

We are not just software providers - we are your partners. Our experienced team is ready to provide support whenever needed.
