

ACHIEVE REAL RESULTS WITH US

OVERVIEW

Moore County Schools, a district with 23 schools and over 12,000 students, were challenged to collect and maintain federal documentation in a consistent way across all of their schools. They needed a solution that was efficient and one that could easily maintain documentation and records. When a federal audit was required, they wanted to feel confident that all the required documentation was accessible and easy to find.

SOLUTION

806 Technologies worked with Moore County Schools to implement Title1Crate. Title1Crate helped the district save time. The staff could work more efficiently and with less stress. With Title1Crate, there was no more need to copy multiple documents and files in notebooks. Maintaining documents became a quick and easy-to-understand process.

“The 806 Technologies team is the best I’ve worked with in over 40 years. The training was simple and easy to understand. This is one of the best programs I’ve worked with in my career.”

Pam Bauer, Administrative Assistant

RESULTS

Today, Moore County Schools staff members upload documentation throughout the year instead of the “last minute” rush in June. The district has fully embraced the Title1Crate solution and has also adopted the CTE Crate and ESSER Crate.

CONTINUOUS IMPROVEMENT

Districts stay with us year after year because we regularly improve Title1Crate to reflect the latest regulations.

USER-FRIENDLY SOFTWARE

Our software is easy to understand and simplifies the federal documentation process from collection through audit.

DEPENDABLE, HELPFUL SUPPORT

Your staff can rely on prompt response, resolution, and assistance - no matter what the issue may be.
