

SEE REAL RESULTS WITH US

“The services provided by 806 Technologies have provided significant value to our district improvement efforts.”

Gary Nye, Ed.D., Managing Director of Assessment & Accountability

OVERVIEW

Frisco ISD, a district with 68 schools and over 58,000 students, needed a platform that could provide real, tangible results when it came to their operations. They required a technology tool that could enable more efficient operations across their many schools. To get acclimated to the Title1Crate platform, Frisco ISD started with a 30-day trial so that they could familiarize themselves with the features and benefits offered.

SOLUTION

Frisco ISD was admittedly anxious about rolling out a new technology platform across all 68 schools, however our expert team of certified administrators and educators provided dedicated support each step of the way. As a result, Frisco ISD experienced a positive and successful district-wide implementation of Title1Crate across every campus.

RESULTS

A customer of both our Plan4Learning and Title1Crate solutions, Frisco ISD has been extremely pleased with the overall interaction and support that we have provided them with since 2016.

CONTINUOUS IMPROVEMENT

Districts choose to stay with us year after year because we regularly improve Title1Crate to reflect the latest state and federal regulations.

THOUGHT LEADERSHIP

We go to great lengths to ensure that our software exceeds all expectations. We dedicate thought to every software update.

SMOOTH TRANSITION GUARANTEED

Regardless of what system you currently use for federal compliance management, we will work with you every step of the way.

EXPERT ADVISORS

We are not just software providers - we are your partners. Our experienced team is ready to provide support whenever needed.
