

COMPREHENSIVE NEEDS ASSESSMENT

Strengthen Your CNA Process

UPGRADE YOUR PROCEDURES

Conducting a CNA is an ongoing process - not a one-time-per-year event. This training is not designed to actually build the CNA but to help your team learn best practices for assessment planning and timing.

CREATE A SUSTAINABLE PROCESS

Discover how to implement a sustainable process to manage data analysis throughout the year. Know what data to analyze and what team members are needed to organize the process.

ACCELERATE YOUR IMPROVEMENT

Learn how to approach your CNA with your district and campus improvement plans in mind. Understand how to optimize your CNA process for the best possible results when identifying school strengths and prioritizing needs.

Estimated Time Investment
1.5 to 3 hours

Audience
District- and campus-level administrators, Principals, Assistant Principals, Teacher Leaders
