

SAVE TIME WITH TITLE1CRATE

"I am most impressed with the staff at 806 Technologies and the ease of use of the Title1Crate program."

Pam Sellick, Asst. Superintendent of Educational Services

OVERVIEW

Kerman Unified School District, a district with 8 schools and over 5,000 students, were having a very difficult time keeping track of all the required paperwork and documents necessary for maintaining Title I compliance. There was no consistency across campuses - some principals would email forms to their secretary, others would keep their own Google folder, and a few failed to keep track of documentation at all.

SOLUTION

806 Technologies provided Kerman United School District with a single place to house all of their compliance documentation throughout the year. We got the district up and running smoothly in a timely manner, so that they were fully prepared for their upcoming FPM audit. Implementation was fun and easy to follow, and now there is consistency across all campuses.

RESULTS

Kerman Unified School District picked up Title1Crate quickly. Organization and communication has improved at both the district and campus levels. They are grateful that this investment will save significant time in the long-run.

EASY TO USE SOFTWARE

We help teams understand our software, which is simple and straightforward, so they can get up-and-running in a short timeframe.

EFFICIENT COMMUNICATION

Our software creates a streamlined administrative environment that both campuses and districts love.

CONSISTENT TRACKING

Title1Crate makes it easy to track the status of every campus in a single place - everyone gets on the same page.

STELLAR CUSTOMER SUPPORT

We are not just software providers - we are your partners. Our experienced team is ready to provide support whenever needed.
